

# Desirae Zidan

## OBJECTIVE

As a current student of the University of Arizona Coding Boot Camp Certification Program, I am working towards becoming a full stack web developer. Through this program I have continued to develop and expand my knowledge as well as obtain the skills needed to build dynamic end-to-end web applications.

With completion of the program in May 2020, I am seeking an Entry Level/ Junior Web Developer position in the Greater Phoenix Area or San Francisco Bay Area, as well as open to relocation given the right opportunity.

→ Acquired Skills: HTML5, CSS3, JavaScript, jQuery, Java, Bootstrap, Express.js, React.js, Node.js, Database Theory, MongoDB, MySQL, Command Line, Git, and more.

## EXPERIENCE

### The Vanguard Group, Inc., Scottsdale, AZ — Operations Specialist

June 2017 – August 2019

- Received complex monetary and clerical client requests within brokerage and mutual fund accounts.
- Interpreted, researched and processed each request using the highest quality service and accuracy standards.
- Communicated and built relationships effectively with internal and external clients by incorporating CRM skills. Maintained effective work relationships by handling peer and management interactions in a positive and cooperative manner.
- Consistently followed policies and procedures for completing work while independently utilizing systems and resources effectively. Exhibited a sense of urgency and accountability for the client experience.
- Demonstrated logical, systematic approach to problem solving, focusing on client expectations and improving effectiveness and efficiency of operations. Leveraged online resources and past experiences to independently meet challenges and provide viable alternative solutions as needed.
- Complied with all FINRA, SEC, and Vanguard internal policies regarding client contact.
- Identified workflow-related issues, trends, and made recommendations for improvement to management. Assisted with implementation of improvements as assigned.

### Passport Health - Corporate Office, Scottsdale, AZ — Administrative Intern

August 2016 - January 2017

- Delivered top-notch administrative support to office staff, promoting excellence in office operations by responding to emails and other correspondence to facilitate communication and enhance business processes.
- Created and updated physical records and digital files to maintain current, accurate and compliant documentation using the in-house Electronic Medical Record and Practice Management system.
- Confirmed and requested required authorization forms for medical appointments, maintained database records, and created and renewed contracts through phone and email interaction with medical service companies and their clients.
- Conducted thorough research using diverse resources to assist professional staff with routine and special project tasks such as maintaining database records through data input.
- Conducted confirmation calls for clinic events and created and updated the online scheduler for the clinic events.
